To: Residents of Metcalfe Street

Dear Sir or Madam:

Re: Parking Concerns – Metcalfe Street

As you are aware, staff recently surveyed residences on Metcalfe street requesting input into whether to implement changes to the existing on-street parking.

In regards to implementing changes to the existing on-street parking on the east side of Metcalfe Street only 29% of the affected residences responded in favour of implementing any changes. With respect to the west side of Metcalfe Street only 23% of the affected residences responded in favour of implementing any changes. Please note that of the responses received in favour of changing the on-street parking restrictions, the majority indicated a preference for a 2-hour time restriction on either one or both sides of Metcalfe Street, with permits being made available to the residents.

As the requisite 75% of responses in favour of changing the parking on either side of Metcalfe Street was not received, staff will not be recommending the implementation of any changes to the existing parking restrictions.

I would like to thank everyone in advance for their assistance in this matter and should you have any other questions, please contact the undersigned.

Yours truly,

Elizabeth MacLean
Parking Analyst
