Mayor K. Farbridge  
1 Carden St.  
Guelph N1H 3A1

Dear Mayor Farbridge,

I am Ijeoma Staunton going into grade 7 at Willow Road School. I would like to suggest that the city street lighting in Guelph be changed to solar lights which would be a saving to the environment and the cost to the city. I have seen many solar lights in gardens and they are very effective.

I would ask you to take this suggestion very seriously.

Yours truly,

*Ijeoma Staunton*
